Annually traffic law violations are recorded as a factor in about 85% of the rural traffic accidents in Texas. Approximately 60% of the traffic deaths in Texas occur on rural highways. The Enforcement actions taken against you and any subsequent court actions are intended to secure compliance with the traffic laws by you and all other users of the highways. Failure to comply with your written promise to appear in the court as made on this citation will constitute a separate offense with which you may be charged and result in failure to satisfy a judgment ordering the payment of a fine and cost in the manner ordered by the court may result in the denial of renewal of your driver's license.

"A second or subsequent conviction of an offense under the Texas Motor Vehicle Safety Responsibility Act will result in the suspension of your driver's license and motor vehicle registration unless you file and maintain evidence of financial responsibility with the Department or Public Safety for two (2) years from the date of conviction. The Department may waive the requirements to file evidence of financial responsibility if you file satisfactory evidence with the Department showing that at the time this citation was issued, the vehicle was covered by a motor vehicle liability insurance policy or that you were otherwise exempt from the requirements to provide evidence of financial responsibility."

You may be able to require that this charge be dismissed by successfully completing a driving safety course or motorcycle operator training course. You will lose that right if, on or before your appearance date, you do not provide the court with notice of your request to take the course.

If you were convicted of an offense and are unable to pay the fine and court costs, you may have the court assess your ability to pay and the court may provide alternatives to full payment in satisfying the judgment.
