**NOTICE of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment**

Due to my clearer understanding, I am compelled to put forward this **NOTICE** so we as a People can more easily ascertain clarity of the World around us, formally, on and for the record, yours as well as my own.

Furthermore, I put forth this **NOTICE** to solidify cognizant awareness to the **FACTS** concerning the allegations cited; citation #020937 by COSPO's against me September 11<sup>th</sup>, 2024, so both, you and I have a full complete awareness of our collective position concerning the alleged infractions. Infractions of which officer SHANE RACKLEY stated are TEXAS law however, this **NOTICE** fully disaffirms officer SHANE RACKLEY's assertion(s) by the actual letter and definition of the law, taking away the reckless presumptions he asserted being willfully ignorant of words and word-terms, as well as to the account of his fellow cohorts allowing lawless harm, injury to me.

Personally, I take great care in my use of words and terms deriving from the combination of them as you are to witness in the following pages and is why herein the addendum; **Exhibit D Definitions** – so everyone is clear to the meaning of what I now proceed to convey.

You are hereby, herein under DEMAND to answer each query below which in doing solidifies the necessary clarity for our, mutual agreement from this day forward, your collective action and/or non-action have dictated the substance of this **NOTICE** and basis for lawfully executing this **Administrative Process**, a self-executing contract between the parties identified as **NOTICE of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment**

**Be It Known:** This **Notice** establishes a Common Law contract under the Postal Rule, which states:

*"The postal rule (also known as the mailbox rule or "deposited acceptance rule") is a term of common law-contracts which determines the timing of acceptance of an offer when mail is contemplated as the medium of acceptance. The general principle is that a contract is formed when acceptance is actually communicated to the offeror. The mailbox rule is an exception to the general principle. The mailbox rule provides that the contract is formed when a properly pre-paid and properly addressed letter of acceptance is posted. One rationale given for the rule is that the offeror nominates the post office as implied agent and thus receipt of the acceptance by the post office is regarded as that of the offeree. The main effect of the mailbox rule is that the risk of acceptance being delivered late or lost in the post is placed upon the offeror. If the offeror is reluctant to accept this risk, he can always require actual receipt before being legally bound."*

The agreement/contract is binding on all parties once signed for/accepted/received by them, their agents, employees, and/or mail room personnel and/or any other person of their company, corporation, entity, which affirms the existence of **A Duty to Perform** under and according to this **NOTICE**.

This communication, an agreement/contract is also conveyed and delivered to the recognized and acknowledged public servant government officials beholding to their individual Oath of Office as witnesses to the **FACTS** herein procedurally sound lawfully executed **NOTICE**. Each **Offender** receives service in the same manner with a specifically assigned Registered Mail parcel with return receipt as proof of service per the **Mailbox Rule**, outlined above.

Hereinafter, will be found assertions revealing with full disclosure to the true nature and remedy in favor of the Principal, LANE LEE BOWERS regarding alleged infractions and COSPO's claim of lawfulness. The law offers clear and unambiguous evidence as published when One understands what's being said without lawless, reckless presumption.

Hear ye all presents, herein is a bona fide, researched, affirmed, factual, true and correct account by my hand **Lane, not a minor**, having attained the age of majority, an Iowan by birth, a Texan by choice, an American in perpetuity.

To my amazement, I have come to many fascinating conclusions due to extensive personal research, wherewith I assert the **FACTS** in accord with publicly accessible **published law**, always adhering to the defining terms provided by those established published law(s) as well as the Acts of 'in Congress assembled' and the bylaws of the corporate government well known by the American People as the UNITED STATES, a federal corporation located in Washington, District of Columbia. 28 U.S. Code § 3002 - (15) "United States" means— (A) a Federal corporation;

**NOTICE of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment**

As per this **NOTICE I, Lane**, demand that you rebut affirm or disaffirm, avow or disavow all questions provided for a certain, specific, clear cognizant perspective and full unambiguous understanding of our agreement that by 'the law of contracts' and your honor as a public servant are obligated to perform.

**Proof of Claim: 1. That I, Lane, intended to ever reinstate expired TEXAS DRIVERS LICENSE #00513230... 'NO! There is no enforceable contract, that's why you cited ONLY a WARNING and not an altogether separate infraction' 2. Prove that isn't TRUE.**

Allow me to answer the expired license question, NO! Why? Because as a state citizen, an Iowan on Texas soil, I am not obligated to have such LICENSE of any kind. Because as I am a PRIVATE Man traveling in my PRIVATE conveyance whether intra or interstate ~ matters not, it is by law, one of those pesky unalienable Rights policy enforcers despise and have as of yet fully understood due to improper or no training whatsoever, a right that bars local corporate government from *collecting* revenue for their CAFRA ledgers.

It is a matter of law as to standing *Stare Decisis* ~ 1. precedent should determine legal decision making in a case involving similar facts. 2. The principle of following judicial precedent:

**Private Travel Is a Lawful, Protected Activity, as Evidenced by Well Established Precedent**

"The right of a citizen to travel upon the public highways and to transport his property thereon in the ordinary course of life and business is a common right which he has under his right to enjoy life and liberty, to acquire and possess property, and to pursue happiness and safety. It includes the right in so doing to use the ordinary and usual conveyances of the day; and under the existing modes of travel includes the right to drive a horse-drawn carriage or wagon thereon, or to operate an automobile thereon, for the usual and ordinary purposes of life and business. It is not a mere privilege, like the privilege of moving a house in the street, operating a business stand in the street, or transporting persons or property for hire along the street, which a city may permit or prohibit at will."

*Thompson v. Smith, (1930)*

"The right to travel is a part of the liberty of which the citizen cannot be deprived without due process of law under the Fifth Amendment." *Keat v. Dulles, (1958)*

"The right to travel, to go from place to place as the means of transportation permit, is a natural right subject to the rights of others and to reasonable regulation under law. A restraint imposed by the Government of the United States upon this liberty, therefore, must conform with the provision of the Fifth Amendment that 'No person shall be \* \* \* deprived of \* \* \* liberty \* \* \* without due process of law'." *Schactman v. Dulles,*

"Complete freedom of the highways is so old and well established a blessing that we have forgotten the days of the Robber Barons and toll roads, and yet, under an act like this, arbitrarily administered, the highways may be completely monopolized, if, through lack of interest, the people submit, then they may look to see the most sacred of their liberties taken from them one by one, by more or less rapid encroachment." *Robertson vs. Department of Public Works,* The words of Justice Tolman of the Supreme Court of the State of Washington ring most prophetically in the ears of private Americans today, "...the use of the public roads has been monopolized by the very entity which has been empowered to stand guard over our freedoms, i.e., that of state government."

"Even the Legislature has no power to deny a free inhabitant of America the right to travel upon the highway and transport his property in the ordinary course of his business or pleasure ..."; *People v. Chambers, (1975); Sturup v. Mahan, (Ind. App. 1972)*

"...the right of personal liberty include ...the right to go where a person pleases"; *Knowlton v. Board of Law Examiners, ( 1974)*

"This right of the people to the use of the public streets of a city is so well established and so universally recognized in this country that it is the alphabet of fundamental rights of the people"; *Manzanares v. Bell, (1974)*

"...freedom to travel throughout this state and this nation is a fundamental right"; *Town of Milton v. Civil Service Comm., (1974)*

"...pure administrative convenience, standing alone, is an insufficient basis for an enactment which ... restricts the right to travel"; *Coolman v. Robinson, (N. D. Ind. 1978)*

"...the right to travel... [is] a 'fundamental' one, requiring the showing of a 'compelling' state or local interest to warrant its limitation"; *United States v. Davis, (9th Cir. 1973)*

"The right to travel is a part of the right to liberty"; *Cole v. Housing Authority of City of Newport, (1st Cir. 1970)*

"The right to travel is a right applicable to intrastate as well as interstate commerce... Both travel within and between states is protected"; *Ex Parte Dickey, (1915)*

"right to travel ... is basically the right to travel unrestricted by unreasonable government interference or regulation"; *Bergman v. United States, (W. D. Mich. 1983)*

**NOTICE of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment**

"...each individual, adult or minor, has a fundamental right to move freely from State to State and from City to City within the State"; *Swift v. City of Topeka*, (1890)

"No state shall convert a liberty into a license and charge a fee therefore." *Murdock v. Pennsylvania*, 319 U.S. 105

"If the State converts a right (liberty) into a privilege, the citizen can ignore the license and fee and engage in the right (liberty) with impunity." *Shuttlesworth v. City of Birmingham Alabama*, 373 U.S. 262

Oh, I could go on, there's hundreds of Supreme and State court decisions, boiling down the right of PRIVATE American or otherwise having the freedom to go to the grocery store and back home without the concern of being molested, detained and having their property STOLEN by lawless uneducated highway PIRATES.

OFFICER SHANE RACKLEY, asserted as if it were a FACT according to his extensive legal knowledge of law, that the Corporate City of Snyder, Texas was NOT a **political subdivision** as described at **TEXAS law Section 502.003**.

**Proof of Claim:** That the City of Snyder is NOT a **political subdivision** of the STATE OF TEXAS, one obligated to state law... 'Yes, the City of Snyder is most certain a **political subdivision** under the STATE OF TEXAS obligated to **TEXAS law Section 502.003**.'

The STATE OF TEXAS recognizes the constitutionally protected "**NON-Commercial**" right of **Private Travel** for civilian American People within their state law, meaning if an American is not making a living or charging someone for the service of delivering them or some thing, it's a matter of *Stare Decisis* because a multitude of courts have already ruled, **Private Travel** is a protected right in America for one's own purpose or pleasure.

The image below is what I asked COSPO's to read when arrested, before my PRIVATE property was stolen. One is displayed on each side of the back passenger window. **TEXAS law Section 502.003** states in clear and unambiguous language that **political subdivisions** must refrain from charging licensing and registration fees if the purpose of the conveyance is **NOT IN A COMMERCIAL CAPACITY**. (See: image on Page 6)

See: **Exhibit A-2 Political Subdivision Defined:** COSPO's obviously are clueless, otherwise COSPO's would have never violated and deprived me of my right to property by stealing My PRIVATE conveyance, nor would they have lodged infractions by citation if they had been trained properly by their Administrators. The COSPO's actions constitute a deprivation of my rights with an intent to force me into involuntary servitude and peonage under color of law.

Even as a line item within the CITY OF SNYDER CORPORATE Charter is stated the following:

Page 6 (9) To regulate, license, and fix the charges or fares made by any person or persons owning, obtaining, or controlling any vehicle of any character **used for carrying of passengers for hire** on the public streets and alleys of the city.

In other words, the driver is **NOT PRIVATE** because and **ONLY WHEN** they are DRIVING to get PAID.

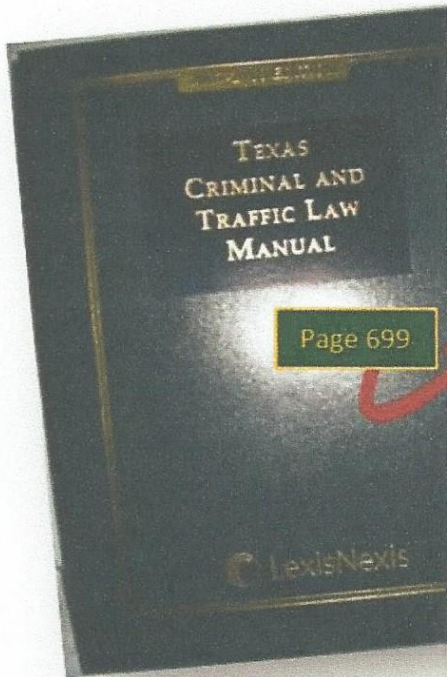

**Maxims** clearly state that free people have a right to travel on the roads which are provided for that purpose, using any mode of locomotion. Licensing cannot be required of free people, because taking on the restrictions of a license requires the surrender of a Man's unalienable rights. The driver's license can be required of people who use the highways for trade, commerce, or hire; that is, 'Earning A Living' using them. If you are not using the highways for profit, **BY PUBLISHED PRECEDENT and LAW a Man is NOT required** to have a driver's license.

**Maxims ~ Principles of law regarding the Right of Private Americans to travel unmolested:**

"The right to travel is a part of the 'liberty' protected by the Due Process Clause of the Fifth Amendment."

"Absent a compelling state interest, laws burdening the right to travel are unconstitutional."

"The right to travel interstate is a fundamental right inherent in American population."

"The right to travel encompasses all modes of transport."

"Abridgement of any mode of transportation undermines the constitutionally enshrined travel right."

"The right to travel is protected by the Privileges and Immunities Clause of the Constitution."

"The right to travel is essential for the exercise of other fundamental rights, such as petitioning government for redress."

"The right to travel includes the right to enter and leave one's own country."

"Discriminatory practices in granting or denying travel rights are prohibited."

"The right to travel is closely linked to personal liberty and cannot be arbitrarily restricted by the state."

*Hale vs. Hinkel, 201 US 43, 74-75*

"...We are of the opinion that there is a clear distinction in this particular between an individual and a corporation, and that the latter has no right to refuse to submit its books and papers for examination on the suit of the State. The individual may stand upon his Constitutional Rights as a Citizen. He is entitled to carry on his private business in his own way. His power to contract is unlimited. He owes no duty to the State or to his neighbors to divulge his business, or to open his doors to investigation, so far as it may tend to incriminate him. He owes no such duty to the State, since he receives nothing therefrom, beyond the protection of his life, liberty, and property. His Rights are such as the law of the land long antecedent to the organization of the state and can only be taken from him by due process of law, and in accordance with the Constitution. Among his Rights are the refusal to incriminate himself, and the immunity of himself and his property from arrest or seizure except under warrant of law. He owes nothing to the public so long as he does not trespass upon their rights."

"Upon the other hand, the corporation is a creature of the state. It is presumed to be incorporated for the benefit of the public. It receives certain special privileges and franchises and holds them subject to the laws of the state and the limitations of its charter. Its rights to act as a corporation are only preserved to it so long as it obeys the laws of its creation. There is a reserved right in the legislature to investigate its contracts and find out whether it has exceeded its powers. It would be a strange anomaly to hold that the State, having chartered a corporation to make use of certain franchises, could not in exercise of its sovereignty inquire how those franchises had been employed, and whether they had been abused, and demand the production of corporate books and papers for that purpose."

*The arrest location was NOT 2000 30<sup>th</sup> Street as the citation reads it was at the intersection of 28<sup>th</sup> and Avenue Y.*

**Proof of Claim:** 'The location of duties performed are where you say they are and NOT the actual location. Isn't that a lie or is there intentional misleading information just according to what you say is true?' Prove to me that your training doesn't ALLOW you to lie, and you have permission to do whatever is necessary, simply because you are 'On The Job' is that not TRUE?

Let's address the presumption of 'speeding'. I first saw you when you approached the intersection I was passing. You were not sitting stationary where you had opportunity to have a radar detection device out. You guys, OFFICER ZACHORY CARTER Badge #154, and OFFICER SHANE RACKLEY Badge #143, were most likely chatting about the ball game, how good dinner was last night or some other discussion having nothing to do with patrolling to make the streets safe. Truth is I was moving at the same rate as the Chevrolet truck that was pacing with me.

**Proof of Claim:** What was your method of gauging 'speed'? Honestly, you didn't apprehend, arrest, charge me, then steal my PRIVATE Property because of 'speeding'. I am curious, what was your RAS to interrupt my lawful right to travel? Were not you ~ CARTER taking direction from RACKLEY as it seems you are within the first stages of initiation of POLICING. Tell me truthful, wasn't it RACKLEY who chose to pursue, what was his reason for initiating pursuit? Now, both of you guys without cheating, conspiring, or looking over each other's shoulders, this isn't 3<sup>rd</sup> grade Math class any longer, it's real grown-up stuff the moments leading to all of us being face to face on the side of the street?

**NOTICE** of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment

And for the last item of the alleged infractions: the all-encompassing financial responsibility...

To understand the truth of my surroundings, it has taken years of reading and re-reading to become fully and consciously aware that I can attest to by this declaration as **FACT**: That everything we've grown up to understand as true from the cradle has been littered with purposely, intentional half-truths and lies. And all of them, no matter how seemingly trivial the lie is, coming from People who we love, admire, respect and/or trust giving veracity to what they say.

You may or may not argue that telling your little ones that Santa is coming down the chimney doesn't harm them. But, think about it, our little ones trust us, then they grow up to realize Santa was a lie, as well as the Easter Bunny and all those other seemingly harmless little lies.

Then we wonder why our children lie to us, and then as adults, the little lie became a permissible habit.

We're grown-ups right, with an awareness of what is right and wrong, right? Then why do we play these silly little games with our offspring, and worse as adults?

Young People's minds are manipulated by parents and everyone they believe and trust, it's a disaster for the young life to be molded in an environment of distrust. Those formative years are when the young ones develop their overall view of life and how things work. At a time when their minds are forming, beginning to comprehend and adjust to their social environment, the permissible societal normalcy destroys their ability to have a truthful perception.

The priesthood of the Jesuits knew this truth evidenced by the following phrase, "*Give me the child for the first seven years and I will give you the man.*" Jesuits knew that the first 7 years of life were the most important, because it is in those formable years that the baby's psyche, his mind is molded to shape his perception of reality.

Along that train of thought, as a society we have believed the most bombastic explanation of life, politics, education, religion and every other subject you can think of. Every system of every kind has had a part in leading us down a path that looks extremely bleak and at times for many, seemingly hopeless.

I don't know how deep I want to go into the explanation of WHY I am secure in **FACT** if perchance I was to have a collision, that I am confident and do most certainly have access to whatever is needed to make the other party whole:

What follows is the explanation that would have been inconvenient to explain *then* because of its detail.

As you will see I'm not using conjecture or hearsay or some imaginary fairy land tale to explain what has happened to all of us. I am referencing actual law as written and defined from and by those we have given by our consent, for their liberty to pass and enact such laws.

However, not every law is designed to be in our favor but, on the other hand it makes no difference what government does or what laws they pass, they must give and allow for the People of America the ability for redress and remedy, no matter what the situation is. Your Rights, mine and every American's Rights are all framed in The Bill of Rights which NO government has the right or ability to abrogate or set aside.

This is part of the reason, laws are written in such a convoluted language, '*legalese*' so that even a modestly educated individual has issues deciphering what in the world the lawyers are saying, your confusion was

My confidence of financial responsibility isn't because of anything like 'money' because whether you have it or not there hasn't been any substance or real 'money', for paying debt or anything else since 1933. Try and work around that concept so it makes sense to you, then you will know why people have cognitive dissonance like me broach the subject of American Freedom. I don't argue with anyone, it's not my responsibility to talk into something that they don't have the capacity to understand or even begin to believe, no matter what I convey.

It's as Arthur Schopenhauer, Philosopher stated,  
"All truth passes through three stages. First, it is ridiculed. Second, it is violently opposed. Third, it is accepted as being self-evident."

That my friends is what the People on this Planet, **NOT** just American's, are dealing with...

Here's a brief chronological order of events starting in 1933, but you should know there are a myriad of other events that took place prior to 1933 that apply to this discussion which I will not go into.

All the events that I'm exposing are events that changed American's lives, none of which have been repealed and are still in force today. Good for those who know what happened, not so good for those who don't. If you fall in the latter category, may be a good thing for you because most People do not know what's outlined herein.

The 32<sup>nd</sup> Presidency of the United States, began with Franklin D. Roosevelt's inaugural address, **March 04, 1933**.

Two days later, on **March 6, 1933**, FDR set the stage for American's further enslavement to the Federal Reserve Banking Cartel by issuing **Presidential Proclamation No. 2039**.

FDR was in bed with the banking cartel, evidenced by **The Emergency Banking Relief Act**, Public Law 73-1, 48 Stat. 1 of **March 9, 1933**, being "**RUSHED**" through Congress in a matter of days of taking office, without the established, customary Constitutional Congressional standard procedures of Act's presented to become law in America.

No member of Congress wrote or presented the act for consideration, a transcript of the act wasn't available for each member of Congress to read thoroughly before voting, then after only 40 minutes of its introduction, it was decided on, and immediately enacted into law.

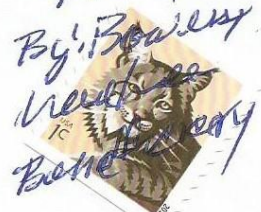

This was a tragedy for America because this **New Law** that came from somewhere and someone outside the halls of Congress placed every ~~American~~ person claiming to be a **U.S. (XIV<sup>th</sup> Amendment) citizen** under obligation to the Federal Reserve Banking Cartel by way of the '**Corporate**' Federal Government of the United States.

**Presidential Proclamation No. 2039** and **The Emergency Banking Relief Act** were the first of several things FDR initiated as President that were not beneficial and key to the enslavement of a naïve, unknowing, unaware American population which he took an oath to protect under the authority of America's Original Organic Constitution.

These **New Laws** worked in favor of the Federal Reserve Banking Cartel as is evidenced by the laws enacted. FDR's contribution to further entrap the American People in chronological order:

- Presidential Proclamation 2039 – March 6, 1933
- The Emergency Banking Relief Act – March 9, 1933
- Executive Order 6102 Gold Confiscated – April 5, 1933
- The Federal Emergency Relief Act – May 12<sup>th</sup>, 1933
- House Joint Resolution 192, Public Law 73-10 – June 5<sup>th</sup>, 1933
- Social Security Act – August 14, 1935

A must read is the Congressional Record of the House discussing **The Emergency Banking Relief Act**.

This is where the **Full Faith and Credit of the United States** is, it's the value you and I, the American People represent as the living embodiment and surety's for the ens legis ALL-CAP LETTER NAME you think is you, but is NOT!

**WE THE PEOPLE**, individually and severally have been unknowingly pledged and identified by Congress to the **CORPORATE GOVERNMENT of the UNITED STATES** as the source of ALL credit.

**NOTICE** of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment

Congress stated this TRUTH in the minutes of the House Congressional Record – March 9, 1933. Find it on page 83 of the record, top left column, highlighted under **Expansion of Currency Necessary** *“Under the new law the money is issued to the banks in return for Government obligations, bills of exchange, drafts, notes, trade acceptances, and banker’s acceptances. The money will be worth 100 cents on the dollar, because it is backed by the credit of the Nation. It (The NEW Money) will represent a mortgage on all the homes and other property of all the people in the Nation.”* [Get the PDF at this web address TinyURL.com/FDR-1933](http://TinyURL.com/FDR-1933)

How do you like them apples, the **CORPORATE GOVERNMENT of the UNITED STATES** defined you as the source of ALL credit?

You and every other American, *“claiming U.S. (XIV<sup>th</sup> Amendment) citizenship”* have NOT JUST been offered but given as the **financial collateral** for EVERYTHING the **CORPORATE Government of the UNITED STATES** does.

PAY VERY CLOSE ATTENTION TO THIS NEXT STATEMENT:

The ‘National Debt’ isn’t American’s debt, it is the Debt Obligation of the **CORPORATE Government of the UNITED STATES** which includes those claiming, *“claiming U.S. (XIV<sup>th</sup> Amendment) citizenship”* A U.S. citizen by law, is an employee to the **CORPORATE Government of the UNITED STATES...** *Are you an employee of the federal government?*

American’s don’t know this, nor do they even come close to be qualified to EVEN claim being one, but everyone has been duped, lied to, and convinced by everyone and everything around them to believe that they are one, then passing that same regurgitated crap down to the next generation *“because our young people simply believe what we say is true”* then they willingly accept that capacity because, *“Well, everyone else is doing it.”* Which is dodging their responsibility to themselves to get the knowledge needed to NOT ever be put in that position ~ EVER-**EVER!**

Now you know why I spent the ink to explain the **DAMAGE** of telling little white or other colored LIES.

And you thought this was just a stupid rant from some delusional, dumb\*\*s, ignorant, uneducated, fairytale telling ‘*sovkit*’ wanting to get out of something, hah!

Hell NO, I am talking about American’s Freedom, this isn’t even about me!

As a society of Men, a correction in direction **MUST** take place in America, in our communities if w the light of day from the tyrannical suffrage, we find ourselves in and **we each must stop hurting each o** an enabling servant to a faceless dead corporate structure that **masquerades as government** ruining Peop.

I am pointing to how we together, can realize our collective freedoms that have been stripped little by little.

Forgive me, **ravaging animals must have their violent, egoic, arrogant loving ways tamed, the ONLY way to accomplish taming any animal is to get their full and undivided attention.**

Or you know, individually or collectively you can take this **NOTICE** add a buck fifty and still get a cup of coffee, but sticking your head in the sand will only prolong the pain of America’s ultimate Freedom being realized.

Now, the question that I think it was Officer VANCE LISTWAN asked me, *“Do you have insurance?”* I said, *“No.”* Then he asked, *“What if you get in a car wreck, how will you take care of the damage or harm you cause?”*

The answer may be something you have heard before yet not explained as I am about to explain it.

Born, Birth Certificate – which is a **CORPORATE Government of the UNITED STATES** bond slave and property. Don’t believe it? Take your Birth Certificate out and examine the paper it’s printed on, **its BOND PAPER**, then examine ALL the features, watermarks, fancy shining reflective STATE seal and several numbers.

Be it known, the will of Bowers, Lane Lee, beneficiary, agent, PRIVATE Attorney-in-Fact for ens legis LANE LEE BOWERS presents this lawful **NOTICE** as estoppel, ALL presentments put forth are subordinate to full reservation of constitutionally secured rights, without recourse, with prejudice in perpetuity. **Page 10 of 19**

**NOTICE** of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment

Now, look at the date that document was Registered with the STATE REGISTRAR, that is the date that the ens legis, ALL-CAP NAME, legal fiction, corporate entity was created – IT is not you – It... however, it is the evidence of you the Living Man/Woman, remember that, it's important you realize the difference.

~~~ You see **you are NOT IT**, but **IT** is identified with you as having the same appellation or name. That is the ONLY likeness of **IT** in relation to you, the living Man/Woman.

Now, that was easy enough to swallow, what's to follow is where most People fallout and say, "Your full of Sh\*\*!" Okay so now you know that your Birth Certificate is a **BOND**, bonds have value ~ correct?

Franklin D. Roosevelt, like I said, was not as friendly as the history books proclaim. FDR was not finished messing with the American People, their lives or their livelihood. You must know that it wasn't FDR and hasn't been any of the President(s) calling the shots, because they are all front men for the wizard behind the curtain, you know the wizard that Dorethy and Toto finally discovered.

In 1933 the **CORPORATE Government of the UNITED STATES** began by taking ALL the American People's gold which plays into the next part that must be looked at and how I can confidently say I can take care of an incident such as an automobile collision.

In the Constitution: The Bill of Rights ARTICLE V states: "...nor shall private property be taken for public use, without just compensation."

The act of taking our ability to pay away from ALL Americans the **CORPORATE Government of the UNITED STATES** has been OBLIGATED to each and EVERY American since the laws were passed in 33', this is where it gets interesting.

Franklin D. Roosevelt, in 1935 had solidified the connection between what he did in the first few days in office by having Congress pass the "OLD-AGE, SURVIVORS, AND DISABILITY INSURANCE" a benefits program of his proposed **NEW DEAL**. This program is what we all know as the Social Security deducted from the paycheck every time we are "**PAID**".

Are you ready to get mad? What if I can prove to you simply by reading the laws and specifically defining just a few things, that the **CORPORATE Government of the UNITED STATES** have enacted that tell us that no one has never – I mean **NEVER EVER** in our entire life – **NEVER EVER, EVER** been "**PAID**" for any work you do now or have ever done?

**Challenge accepted**... Pull out a dollar bill, of course some will say I never have cash, it's '**EASIER**' to just use a bank or debit card. Okay, search US dollar online then examine the image of one, like I had you do your Birth Certificate.

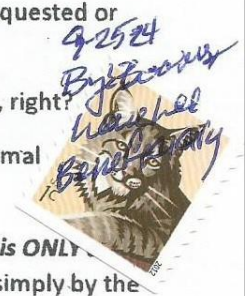

First let me ask you, do you have a car **note** or a house **note**, or do you have a personal loan, a **note** with some financial institution? And if you do have any or all of those, what does **note** represent when you hear it, what does **note** mean? Doesn't it normally mean you are '**paying**', *we'll use that word loosely*, someone an obligation that you requested or borrowed, is that not correct or am I not understanding what the words in this scenario mean?

Now, what is printed on the top edge of that piece of paper, FEDERAL RESERVE **NOTE** is printed on it, right?

So, here's a stupid question; If you give someone a **note** to someone, **anyone** doesn't that under normal circumstances mean that you owe them for whatever you just supposedly '**paid**' for?

But if the dollar bill is a '**note**' you use to '**pay**' for things, then you didn't really '**pay**' for anything, **it is ONLY** '**promise to pay**' ~ **NOT actual payment**, wouldn't that be reasonable to understand and give meaning to it simply by the definition of the words?

The truth that's been in front of us ALL of our life becomes clearer or at least a little clearer when the words used are defined **explicitly**.

**NOTICE** of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment

Therefore, as I stated you've never ever in your entire life been 'paid' for anything if you are being compensated with FEDERAL RESERVE NOTES, because they can ONLY be what they are, 'notes' NOT payment ~ ONLY 'promises to pay'.

I know I have yet to answer the question, we must go back to FDR's Presidential Proclamation 2039 to learn a bit more to realize how everything ties together.

Government has taken literally many little actions that by themselves don't look as if they have meaning but, once everything is exposed and tied together, you'll say, "WOW, I see it." and expand your thought process which is a good thing, right?

In the Presidential Proclamation 2039 next to last paragraph FDR directed the Secretary of the Treasury to perform a few premeditated duties, actions which created the framework that later were to be utilized in 1935 which is still only a small part of the purpose of enacting the "OLD-AGE, SURVIVORS, AND DISABILITY INSURANCE" benefits program known as the *Social Security Administration*.

Presidential Proclamation 2039 reads as follows:

"During such holiday, the Secretary of the Treasury, with the approval of the President and under such regulations as he may prescribe, is authorized and empowered... ... (c) to authorize and direct the creation in such banking institutions of special trust accounts for the receipt of new deposits which shall be subject to withdrawal on demand without any restriction or limitation and shall be kept separately in cash or on deposit in Federal Reserve Banks or invested in obligations of the United States."

I know this is a lot to take in at one sitting, but you must be aware of what's presented which I have studied over the last 15 years. It is a maze to piece together and craziness for one's mind to grasp that have been taught, mine included, everything but the truth about our surroundings.

More mind boggling are all the things that the SSA have established for an obliviously unaware American population since its 1935 creation.

The first and most misunderstood is the Account number and the card issued when you apply.

Pull the card out from wherever you have it and examine it, as I asked you to examine your Birth Certificate and the dollar bill. There are three (3) things on that card that I want to make you aware of that literally everyone overlooks or fails to consciously interpret fully, *I was one of those People too*.

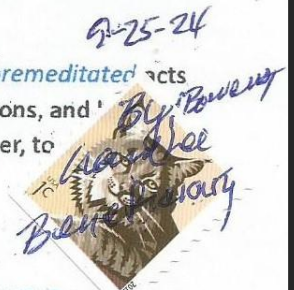

The first is the name spelled out in all CAPITAL LETTERS on the front of the card.

The second is the sentence on the back of the card which states: "This card belongs to the Social Security Administration and you must return it if we ask you for it" it's the property of the Social Security Administration, and;

The third thing is the 9-digit alpha numeric number printed on the back, usually in red and sometimes blue.

I had studied and studied, and I couldn't make the connection of how and why everyone was saying there's an account that I am the beneficiary to LOADED with funds, I just couldn't see it until I learned what I will show you next and that is where the puzzle became crystal clear for me.

Remember what I stated on the last page about the Presidential Proclamation 2039 it was all premeditated acts and/or actions taken for the enslavement of the American population. All of which are Acts, Proclamations, and 'plain sight with snippets of little hidden truths that one must dig, research and connect the dots together, to what has happened.

Be it known, the will of Bowers, Lane Lee, beneficiary, agent, PRIVATE Attorney-in-Fact for ens legis LANE LEE BOWERS presents this lawful NOTICE as established, ALL presentments put forth are subordinate to full reservation of constitutionally secured rights, without recourse, with prejudice in perpetuity. Page 12 of 19

**NOTICE** of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment

Now, the last paragraph of the Proclamation states the following:

"As used in this order the term **banking institutions** shall include all Federal Reserve Banks, national banking associations, banks, trust companies, savings banks, building and loan associations, credit unions, or other corporations, partnerships, associations or persons, engaged in the business of receiving deposits, making loans, discounting business paper, or transacting any other form of banking business."

Let me ask you a question: In your everyday life do you ever engage any of those functions: receive deposits, make loans, discount business paper, or transact in any form of banking business?

Of course you do... When you pull up to the fast-food joint and swipe your card, you are acting as a banking institution. When you deposit your 'paycheck', you are acting as a banking institution. When or wherever you swipe your card or use cash for anything you are acting as a banking institution by the published definition FDR gave here at the end of his first Proclamation as President.

Truth really is stranger than fiction...

Those special trust accounts FDR directed the Secretary of the Treasury set up are identified on the back of your Social Security card which is a trust account number that was funded with your Birth 'BOND' Certificate. A 'BOND' that has been traded globally since the date the REGISTRAR recorded it in the state you were born.

The issue until recently was how to access and use the value that has accumulated over the years, which is another discussion I will not get into for this has already become book length.

But for now, suffice it to say that yes ~ with confidence of and/or in the *Full Faith and Credit of the United States* as an American settling any debt owed or infraction that may be applied to or involving the Principal, LANE LEE BOWERS who I, Lane am the beneficiary, agent, and PRIVATE Attorney-in-FACT for as Authorized Representative may act and utilize to off-set and/or discharge such obligation charged to the entity. So, an auto collision is surely nothing that is not able to be remedied under the obligations of the FEDERAL CORPORATE GOVERNMENT OF THE UNITED STATES.

Beyond the license and registration, insurance and speeding allegations of wrong doing on Lane's part, the FACT remains COSPO's took my PRIVATE Property for Public Use.

Remember that is what FDR did in 1933 by taking PRIVATE American's gold.

But, in this instance, COSPO's has contracted with a public, for profit company to retrieve "motor vehicles" from the side of the highways, streets, roads, paths, alleys and the like. This being a FACT, Lubbock Wrecker stole my PRIVATE Property under described contract for the City of Snyder, Inc. and as such this public company, Lubbock Wrecker is compensated for service they provide in the stealing of people's, American PRIVATE People's property.

So, Then there's the pesky FACT that you took my Private Property For Public Use Without Compensation.

Bill of Rights Amendment V.

"nor be deprived of life, liberty, or property, without due process of law; nor shall property be taken for public use without just compensation."

When the public company Lubbock Wrecker was contacted to confiscate My Private Conveyance, company benefited financially for the service of theft as directed under contract by the City of Snyder, Inc. Police Department.

**Meaning:** My Private Property was used publicly to benefit and/or compensate another, to enrich a public company, Lubbock Wrecker. Which by default constitutes a lawless, unlawful act of piracy and deprivation of my right to life, liberty, and property, without due process of law; the act of taking My Private Property for public use without just

I told you this isn't 3<sup>rd</sup> grade Math class;

You MUST realize when you harm someone you MUST be held to account for your action and/or NON-action. To Serve and Protect is part of the advertising scheme on your patrol cars, to Serve is to collect and prosecute those who have harmed other People or other People's property and to Protect is to aid those who are being injured by someone else, even if the someone else is your fellow employee doing what they think is law when it can EASILY be proven otherwise in this day of technology.

Being in an enforcement position you are not in the law decision making craft, leave those duties to the Word-Smith artists who spell, I mean practice that magic, contact them when you are unable with certainty to ascertain what something means. As an honest Man you cannot make flash judgements due to deficient training; you MUST be able to think clearly with a service to others frame of mind. I am NOT saying to take the position of being the public's dog. I am saying to be conscious about the choices you make, it will protect you and those you work with. Stay away from personally making legal, possibly lawless determinations at all costs to keep yourself safe, and well within whatever so-called "qualified immunity" you may have, which should be instruction given within the training provided to you.

As you are now aware, I don't see things as presumptions, assumptions, guessing or hearsay, the entire premise of this **NOTICE** is to provide concrete absolute answers so that as a society of Men, we can formulate solutions to benefit all, *not to destroy each other*. It is NOT my intent nor the purpose of this **NOTICE** to create more questions than answers or the belittlement of my fellow Americans, which each of you represent.

The corporate driven structure directs good, honorable People to do what it wants them to do, not necessarily what is right relying on One's own consciousness and the spirit of the law, punishing wrong doers who bring harm and damage to others. However, the majority of LEO's haven't been educated in the law to determine what the law says or even what it's meant to be in society.

Am I angry or mad for what happened September 11<sup>th</sup>, 2024, no, the truth in this **NOTICE** isn't about being either, its simple unbiased business as usual, it's a contract, a lawful **Administrative Process/Remedy** affording me, *Lane*, a method I choose to exercise my right to redress my grievances with government when they've stepped beyond their lawful authority in action.

*Vigilantibus et non dormientibus jura subveniunt* – "The laws serve the vigilant, not those who sleep on their rights."

The above MAXIM of Law Explains my position plainly, I have Rights, and I am NOT asleep, that simple.

Think about it, This Situation is like the old west where the armed bandits chase the stagecoach down and take innocent travelers' property without remorse. What recourse did those folks have? Not much, if any.

We're in a different time and the armed bandits are revered as hero's, special People with the appearance of being a peace officer when in fact, they are **CORPORATE colorable, (looks like law) Policy Enforcement Agents** on the road to collect revenue for their **CORPORATE** employer. A **CORPORATE** employer, who by the way in this instance, is naively unknowing or unwilling to train their employees with what the common to every Man, **Published** law states.

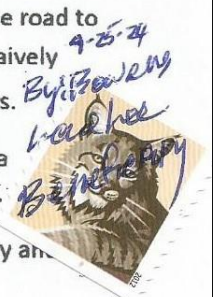

Not to mention the decency and respect for their true employers, the People of the public trust, with a semblance of concern for those who put food on their tables, roofs over their heads and clothes on their back.

America has become a place where corporate policy is respected and honored above common decency and compassion for one's fellowman or mankind of any sort.

Don't get me wrong, I have respect for the office of the peace officer, they have committed themselves to an **Oath of Office** and a **Public TRUST Duty** that is demandingly riddled with situations I wouldn't intentionally subject anyone to. However, there are dangerous felons that must be corralled, people who harm others or their property, who are the people a peace officer should focus their time on. Solve those situations and uphold the **Public TRUST Duty** you plead an **Oath of Office** to, that would benefit the good of community.

## Addendums and Exhibits, final words from **Lane...**

All the *Addendums* and *Exhibits* pertaining to this COUNTERCLAIM can be viewed at your convenience by going to: [ResjudicataClaim.com](http://ResjudicataClaim.com) the site was specifically set up so that you, the recipient of this *NOTICE* has FULL access to ALL the *Relevant Documentation* relating to this *NOTICE*.

This *NOTICE* is the first of three *NOTICES* that will be provided for you, each one giving further validity to the claim I assert within this *NOTICE* each having the force of law in common to all men.

America was founded on the common law of England from where the colonists came, the original people. Inhabitants who had become tired of the tyrannical king desiring freedom and liberty. And here's where the *original documents*; THE DECLARATION, the BILL OF RIGHTS nor the CONSTITUTION, none of them having anything to do with the corporatized society that we live in today. Take a look, in those documents you will not find any of them with STATUTES, Codes, regulations, restrictions, nor public policy. Those came about because of the court decision of **Erie Railroad v. Tompkins** whereby American common law was abrogated because of the president setting decisions in that case, basically, *No General Federal Common Law* to this day.

Think about it, **if a single court decision changed the application of law in America** which provides the force of **precedent**, then all the president setting decisions I pointed out about traveling without a license or registration is stare decisis and FACT. Government **CANNOT** replace My free will right, Forcing me to Contract My unalienable Right of movement away, no matter where I'm at on this planet, not just My Texas movement.

There is the American Republic, while alongside it is the corporatization of what American people have been suffering under since 1871 when Washington DC was established as the seat of government, a CORPORATION. Switching the location from Philadelphia PA to Washington DC where public policy replaced the common law of America.

I empathize, realizing that you most likely don't know these really important **FACTS** nor understand them because the school system does not teach these particulars of history that changed the American way of life. **ALL CORPORATIONS** are for profit companies, even the so-called nonprofit 501c3's are for profit entities, **all** behold to the corporation of the United States the authorizing body allowing corporations to exist **by application** which includes **City of Snyder, Inc.** Who is also subject or servant to that same umbrella of corporatizations under and behold to the corporation of the **STATE OF TEXAS, Inc.**, who each are incorporated organizations and for-profit entities masquerading as government under a corporate public policy, *Business-as-usual*, status. Subjecting themselves and their fellow Americans to STATUTES, Codes and regulations which do not apply to sentient beings, as you and I. Corporations **CANNOT** interact with the living, they are **dead**, they have no life, they have no breath, they can't see, they can't feel, they can't touch, they can't eat, **they can't BE AN INJURED PARTY**, because they are a piece of paper saying they exist in some damn filing cabinet. They are **dead entities** that's why they **CANNOT** interact with the living, which is who has provided this *NOTICE* to you as a corporate body politic, a political subdivision of the **STATE OF TEXAS, Inc.** yes RACKLEY, I am rubbing that sh\*\* in.

It's only because of ignorance of these **FACTS** that this *NOTICE* has been presented. It is with my knowing that you don't know these things that I have compassion and understanding, harboring no ill will for my fellow American who is naive and clueless to the truth that's been hidden within society. The crazy thing is, **IT'S** right in front of us every day but because of purposely **NON-education** and **cognitive dissonance** we are blinded to the **FACTS** that there are nefarious things happening that we don't quite understand. If you search your consciousness, you will realize I am telling you the truth, because I know that you have questions that nobody seems to have answers for, and I'll just leave it at that for now.

Annually traffic law violations are recorded as a factor in about 85% of the rural traffic accidents in Texas. Approximately 60% of the traffic deaths in Texas occur on rural highways. The Enforcement actions taken against you and any subsequent court actions are intended to secure compliance with the traffic laws by you and all other users of the highways. Failure to comply with your written promise to appear in the court as made on this citation will constitute a separate offense with which you may be charged and result in failure to satisfy a judgment ordering the payment of a fine and cost in the manner ordered by the court may result in the denial of renewal of your driver's license.

"A second or subsequent conviction of an offense under the Texas Motor Vehicle Safety Responsibility Act will result in the suspension of your driver's license and motor vehicle registration unless you file and maintain evidence of financial responsibility with the Department or Public Safety for two (2) years from the date of conviction. The Department may waive the requirements to file evidence of financial responsibility if you file satisfactory evidence with the Department showing that at the time this citation was issued, the vehicle was covered by a motor vehicle liability insurance policy or that you were otherwise exempt from the requirements to provide evidence of financial responsibility."

You may be able to require that this charge be dismissed by successfully completing a driving safety course or motorcycle operator training course. You will lose that right if, on or before your appearance date, you do not provide the court with notice of your request to take the course.

If you were convicted of an offense and are unable to pay the fine and court costs, you may have the court assess your ability to pay and the court may provide alternatives to full payment in satisfying the judgment.

You may pay online at [www.ci.snyder.tx.us](http://www.ci.snyder.tx.us)

RACKLEY, you should have **NOT** made such a hasty LEGAL determination because first you are **NOT** a lawyer/attorney and I rebutted your presumption multiple times on bodycam with multiple witnesses, your fellow police officers.

Just for grins and giggles pull up ANY search engine, type in **political subdivision**, the first definition provided would have been enough but, for clarity I will break this down for your **FULL-ON** understanding for the future...

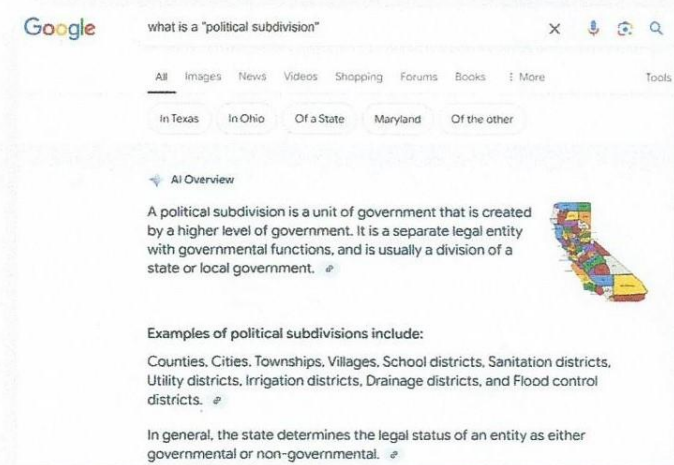

**Political Subdivision Defined:**

**DuckDuckGo Search AI Assistant:** "A political subdivision is a separate legal entity of a state that typically has specific governmental functions. Examples include counties, cities, townships, villages, schools, sanitation districts, and utility districts."

I asked Perplexity, an AI Language model: "what is the meaning of a political subdivision?" IT'S ANSWER AS FOLLOWS:

Cities are political subdivisions:

Cities are typically classified as political subdivisions for the following reasons:

1. They are created under corporate state authority and operate as units of local corporate government, under corporate state authority, under corporate federal authority.
2. Cities exercise power as delegated by the corporate state.
3. So, yes Cities are local political jurisdictions below the level of corporate state government.

Characteristics of Cities as Political Subdivisions

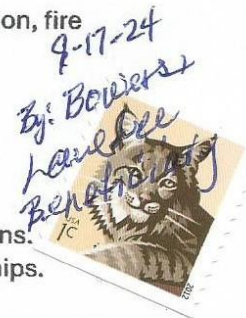

Cities as political subdivisions often have the following features:

- \* They have defined geographic boundaries within a corporate state.
- \* They possess specific corporate governmental powers, such as the ability to levy taxes and enforce local code and statute as corporations.
- \* They are governed by elected and/or appointed officials, who take oaths of office, such as mayors, city councils and ALL law enforcement personnel.
- \* They provide local services to People of their respective limited boundaries, such as police protection, fire services, waste management, co-op electric services and water service.

Relationship to Other Political Subdivisions

Cities exist alongside other types of political subdivisions:

- \* In many states, cities are on the same level as counties in the corporate governmental hierarchy.
- \* Some states recognize cities as alternatives to counties for certain corporate governmental functions.
- \* Cities may sometimes span multiple counties, creating complex corporate jurisdictional relationships.

Legal Status

The status of cities as political subdivisions is often explicitly defined in state laws:

- \* For example, in Nebraska, cities are specifically included in the definition of political subdivisions along with counties, school districts, and other local corporate government units.
- \* In Texas, municipalities (which include cities) are listed as political subdivisions in the state's Local Corporate Government Code.

Cities are indeed political subdivisions, functioning as a local corporate governmental unit with specific powers and responsibilities delegated by the corporate state.

Page 1 from the CITY OF SNYDER CORPORATE CHARTER, Section 3 Powers of the city: states the following "...may cooperate with the government of the State of Texas or any agency thereof, the Federal Government or any agency thereof, or any political subdivision of the State of Texas, to accomplish any lawful purpose for the advancement of the interest..."

Which means that the CITY OF SNYDER CORPORATION interacts with other *political subdivisions*, cooperatively.

===== Furthermore, I say naught. *Lane*

This is an ADDENDUM to: *NOTICE* of COUNTERCLAIM ~ Citation #E020937 ~ Lawful Just Averment

You must come to understand, knowing, as I have for my own life, that we Americans have been put at a psychologically deficient ability to understand what has happened over the last 248 years since 1776.

It is with that thought, I declare the following for my own purposes but also for you to consciously become aware and understand much more about your surroundings.

First you must understand that it wasn't Washington or Hamilton or Jefferson or Adams or any of those guys that wrote the Declaration of Independence nor was it any of those guys or just them specifically who wrote the Bill of Rights. The authors of all the documents that founded America were written and approved by the People of the 13 Colonies through their lawful 1776 governmental structure. Thus, every American should thank their lucky stars that the People of those 13 Colonies put down on paper for the entire world to see, that they, the 1776 "**We the People**" reserved their rights against a tyrannical King at the time. As far as today, the king comes in a different form, in the form of a corporation, a government that was set up in 1871 which made *Washington DC* its own city state. Just like the *City of London* and *Vatican City*. They are the three Pinnacle cities on this planet that have control over all of the governments and all of the financial dealings between them.

When Washington, District of Columbia, in 1871 became its own city state, that corporate structure started declaring Acts, STATUTES and Codes which were nothing more than corporate policy that then and now ONLY apply to the people living in that City, under that CORPORATION and for individuals like you law enforcement officers to enforce. It's no different with the local government. TODAY, they are the corporation's policies that you fellas and women are enforcing, holding and forcing FREE American 'PRIVATE' population to be accountable for/to.

A FREE 'PRIVATE' American population who don't realize that they're literally **NOT**, by definition of any LAW, actually 14th Amendment US citizens. Americans are ignorant of the reality that they are free with Guaranteed and Secure Rights according to what the 13 colonies laid out within the initial documentation of what we're calling America. Our nation, America, is not the United States, the United States is a corporation, the law even states that is what **II** is.

Which I've already pointed out in this **NOTICE**. It's located in the city-state Washington, District of Columbia, the signs and evidence of this FACT are all around us and once you see them for what they are and what they represent, you can NEVER unsee them, EVER.

When it happens to you, you'll realize how vastly confused the American People are because they have been bombarded with lies and propaganda ever since they were born. That is why I'm telling you this these documents aren't necessarily about me, it's about all of us, because we're all Americans, we're not US citizens even though someone gave us the impression by telling us that's what we are were. We blindly accepted the lie as FACT and by accepting the lie we became servants, unknowing slaves to that Corporation, that structure of Rules and Regulations with STATUTES, Codes and CORPORATE policies, which do not apply to a FREE 'PRIVATE' American such as myself, nor possibly all of you who read this.

So, the Bill of Rights, let's get into that for a minute or a few.

You **MUST** understand the Bill of Rights were written by the People of the 13 colonies first off. Secondly, the corporate United States has manipulated the text because what they're calling the Amendments TODAY were and are actually **Articles** per the initial documents. The CORPORATE governments reason for the change of the word to amendments is to give the People of America the idea or that it was acceptable to ALTER, change, misrepresent the interpretation of what had been designated by the People, so that they, Bill of Rights could be amended or changed.

Well, when you look for understanding as many Americans TODAY are doing, you begin to understand that the United States, the corporation which includes Congress, sitting up there in a position of authority is truthfully an imposter, a false Congress. Proof? Since the end of the Civil War when the South refused to sit with them any longer Congress recessed its session without a designated time to reconvene.

American history was replaced with CORPORATE United States history, and the story the controllers want the American People to believe in 1965, on purpose to keep the truth from being revealed. The Civil War wasn't about the emancipation of slaves, it was about the obligation and burden that Abraham Lincoln put the cotton farmers of the South and the price that he was charging for America's GDP 'Gross Domestic Product' which was the cotton supply to the whole world. Lincoln priced the South out of the cotton industry by making it too expensive or more expensive than every other country of the planet. That's what the Civil War was about, it wasn't about freeing the slave because we didn't get free by 14th Amendment, Americans unknowingly were put further into slavery, instead of one class being slave the 14<sup>th</sup> enslaved the entire American population.

Besides if you study this line of specific information, you'll find that the 14<sup>th</sup> was never 'LAWFULLY' ratified according to how laws were to be passed by Congress at that time.

So, what they call amendments were initially called **Articles**.

Now, **Article I** in The Bill of Rights starts off with, "Congress shall make no law" respecting six different areas of American People's Rights that Congress had, has, will **NEVER** have control of, nor the ability to change.

And since, "Congress shall make no law" that ALTERS what the People stated, is why The Bill of Rights have never been changed. Because Congress **CANNOT** change what's been written and established by the will of the American People of the 13 colonies.

The first of six specifications listed in **Article I** is the "Freedom to have One's own belief, **NO MATTER which religion**" any American practices, the government can't mess with how you want to believe.

The second specification listed, "government **CANNOT** prohibit the free exercise thereof," again, **NO MATTER** which religion Americans choose to practice, Americans are **FREE** to exercise their chosen religion, the government **CANNOT** prohibit your form of worship.

The **third specification** is **"No abridging the freedom of speech"** which the controllers have **abridged** because all of ***the public media is owned by those who would control us and manipulate our minds*** as I just spoke of before. This is why I had to study this stuff myself to understand and piece together what has happened. Because everything in the public is telling us a different narrative than what the actual truth is, it's the old Santa Clause, Easter Bunny garbage. Again, it's the little lies, it's the small little white lies that really don't matter... Right? But those seemingly small insignificant lies are the ones that get you in trouble.

I already touched on this but **the next one, the fourth specification of Article I** of the Bill of Rights is the **"abridgment or prohibition on the freedom of press"**. This is why there have been so many people like David Icke, who's been talking about this the very thing I am telling you in this **NOTICE**, for the last 40 years. Case in point, David Icke's YouTube channel, was deleted, he has been de-platformed off of the YouTube platform because those in control didn't want him talking to the general population about what the actual truth is. YouTube being a worldwide media platform and if YouTube doesn't agree with you YouTube will and does turn your s\*\*\* off.

As YouTube did with me, from January 2024 and March 2024 I had uploaded over 200 videos talking about the very thing that I'm sharing with you in this **NOTICE**. My channel was deleted after 3 months, because I said things and shared information that went against what YouTube thought would be detrimental to their agenda. GONE, deleted completely, a channel I spent every waking hour on. I created and uploaded two to three videos per day for the entire three months and they deleted it all. YouTube deplatformed numerous other outspoken People in the same way because they can't get around the written law, The People's Rights. And because they can't change the law, they must control media platforms like YouTube to control the freedom of speech and punish those who are expressing things they don't want People to be aware of consciously to what has happened. Because changing the law is **NOT** an option for those who would control the population. So, what do they do, they control the narrative through the media. Media they own because that's the only way they can get around the freedom of speech of the people to express their thoughts, even if it goes against the conformity of accepting and bowing down to the controllers of this planet. What worse is they used your value to build those platforms that prohibit the truth from being conveyed. Another, **"How do you like them apples, truth?"**

The **Fifth specification of Article I Secures and Guarantees** **"the right of the people to peaceably assemble"** they can't do anything with it, they cannot disallow the people to congregate together with their free speech and our ideas of that thing that **"We the People"** call Freedom.

Then the **Sixth specification of Article I** is what you have in front of you right now... at this moment. **"Government CANNOT abrogate our ability to redress our government for grievances"** That's what this entire **NOTICE** is about, that right there... It's about redress of my grievance against the corporation, the City of Snyder and its corporate employees going against my **Secured and Guaranteed Rights** that the People of the 13 Original Colonies put in place to Protect me as an American.

I am so very thankful to the 13 Colonies and the Colonists of 1776 because if only three words had been left out of those founding documents you wouldn't be reading this **NOTICE**.

Remember that America, **IS NOT** the United States, you must understand the corporation it is not the same as the FREE 'PRIVATE' American people, the United States has been for the enslavement of the people through that corporate structure. Anyway, if the colonists had left three words out of the preamble, I wouldn't have the freedom to present this **NOTICE** to you. I wouldn't have the freedom and liberty to even talk to you as I have in this **NOTICE**, under any circumstance, whether I was harmed or not, none of that would matter without the founding documents of America.

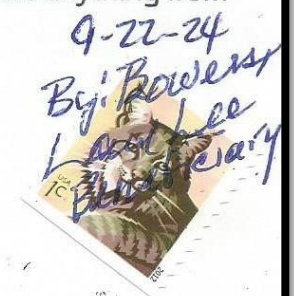

We would be back in the land of the fief, slaves just like it was in the 1300s and 1200s where the Kings and the Lord's ruled the entire population. America would be a peasant population that had no way of having anything more than just the food that they were able to eat for the day because the Lord is in the Kings were in control of them. It was because the colonists had lived that life back overseas that they included the three words and those three words are, *and our posterity*. If the Preamble been written without those three words this document would not be in front of you right now, it is those three words that gave me and you and every American Secured and Guaranteed Rights. *I am one of the Living Americans identified by the specific phrase, 'and our posterity' that the People of the 13 Colonies had the forethought to include in the Preamble of the Constitution, they connect me, the Living Man, to what has been proclaimed 248 years ago. It is their Declaration that provides me the ability to redress my grievances with government as I am within this **NOTICE**.*

You must realize the government is a servant to the People, **NOT** the other way around, government exists at the pleasure of the People, government **IS NOT** to control the people. This isn't medieval times; government **IS NOT** to be kings and lords over the American People. The Constitution is a contract... Go read it... It's a contract, a contract between the 13 colonies and the government that was formed to supply 19 enumerated services to the American People that is ALL the Constitution is, it's a service agreement between the parties, you and I the living Men and Women of this Nation and those who are hired to serve us as a servant government.

**Article II** specifically talks about the Nation States having their own "a well-regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms, shall not be infringed upon" this specification of our Bill of Rights is why America has not been fully taken over by the Central Bank Cartel. The banks know Americans have guns and lots of them and are afraid to do anything drastic because of all the guns Americans own. But the sitting corporate Congress **CANNOT** do anything about **Article II** of the Bill of Rights. All the talk on the media is just window dressing for the ignorant Americans walking around thinking the government can come and confiscate anything from them and that is totally a FALSE narrative they want Americans to believe, it's incorrect thinking on your part if you think that's the case.

**Article III** is "no soldier in time of peace be quartered in any house without the consent of the owner nor in time of war but in a manner to be prescribed by law."

**Article IV** specifically has to do with the right of the people, now these are Secured and Guaranteed Rights, remember what I said the sitting Corporate United States **CANNOT** abrogate, abridge, amend and/or get around any of these rights, they can't change them, they can't do anything with them, they **MUST** be adhered to as the Law of the Land. But what the CORPORATE government does, did and will always do at every level, Federal, State, County, and with EVERY Political Subdivision is they confuse the administration and law enforcement personnel, by training them to believe that law enforcement has the right to do whatever the hell they want. Which is incorrect and unlawful according to published, established law and the rights of the People, PRIVATE Americans, "who are to be secure in their persons, their houses, their papers, and their effects, against unreasonable searches and seizures" and it says the People's Rights "**shall NOT, must NOT, CANNOT, they must not be violated**"

That's the **first specification** of **Article IV** so, what that means in relation to what happened to me on September 11<sup>th</sup> 2024, is I was **NOT TO BE VIOLATED** and left alone to be Secure in my person, my conveyance, my papers, and my effects. When in FACT, I was unreasonably molested, stolen from by armed 'CORPORATE, policy enforcement agents' employed by City of Snyder, Inc. and the City of Snyder Police Department, a **Political Subdivision** of the CORPORATE STATE OF TEXAS. Being ONLY one, LAWLESS violation, CRIME they, collectively committed, harming me, causing injury to my Person and *private property* as a "PRIVATE" American.

Now the **second specification** to **Article IV** relates also and "no warrant shall issue but upon **probable cause supported by oath or affirmation**" you must understand the law requires law enforcement to have an evidentiary hearing prior to any action such as what happened to me on the side of the road September 11<sup>th</sup> 2024, and a judge must sign off on it under an affidavit or oath of somebody accusing me of some **ACTUAL CRIME**. Wherein, this case it would have to be RACKLEY accusing me **AS A PRIVATE Man**, of violating some **ACTUAL CRIME** in front of a judge and sign the affirmed testimony on an affidavit, then the judge would have to sign the warrant before they had a **LAWFUL** right to rob me of my private property.

That is how September 11<sup>th</sup>, 2024, should have gone down for their actions to be lawful but it wasn't lawful, it was a rogue Act, as a good majority of acts of law enforcement. This happens because law enforcement personnel are not educated on what actual law is, that's the issue with America's justice system, because as it stands now, law enforcement enforce injustice on a just as ignorant American population, it is **NOT Justice** that Americans can trust.

No one's benefiting except the bankers ~ of course. Most People don't realize it but the courts are banks they're writing bonds which then create a Security, which then are turned into an investment for the banker judge and court system. The justice system is as bad or worse than the banks, hell they are both equally culpable for theft and fraud against the Public Trust and treason against the American People. The Securities they write off the backs of the People is unjust enrichment for themselves, which is a totally different subject and conversation that we're not having at the moment, only because I wasn't put in that specific situation.

The **third sentence of Article IV** is specifically talking about, "the warrant the judge has to sign off on under oath or affirmation by an accusing party and particularly describing the place to be searched and the persons or things to be seized." All those specific particulars **MUST** be present in the warrant, every bit of it, any Act that law enforcement does without following these **Articles** of our American Bill of Rights is unlawful, no matter what supposed law dog tells you otherwise. No matter how you slice it, IT doesn't matter, law enforcement is acting in full contradistinction to the published law of this land and the law that has been written for 248 years now for God's sake.

But nobody understands, Americans aren't taught what law is, Americans have just been told little lies, which muddy the water of man's consciousness so that he can't distinguish for himself the difference between right and wrong and is part of the reason why government policy enforcement agents have been getting away with their bul\*\*\*it. But that's not happening in this instance because the **offenders** will be held accountable for their actions against me for ignorance of published law and my Secured and Guaranteed Rights.

The **first specification of Article V** states, "no person shall be held to answer for a capital or otherwise infamous crime unless on a presentment or indictment of a grand jury." The **second specification of Article V** "except in cases arising in the land, or Naval forces, or in the militia," The **third specification of Article V** "when in actual service, In time of war or public danger," The **fourth specification of Article V** of the Bill of Rights, "nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb," **specification five of Article V** "nor shall be compelled in any criminal case to be a witness against himself," **Sixth specification of Article V** "nor be deprived of life, liberty, or property without due process of law." which is what happened to me, I was deprived, my rights were trampled, I was deprived of my Secured and Guaranteed Rights by OFFICER RACKLEY and the other officers/CO-CONSPIRATORS in the armed robbery, theft, a larcenous act when they stole my PRIVATE conveyance and Property from the side of the road on September 11<sup>th</sup> 2024 going against The TEXAS Traffic Code, imagine that. Their larcenous act forced me into a state of peonage, they took my property, property I gave valuable effort and energy to own. Energy and effort I spent out of my own life to create for myself the ability to have that property, value that you **CANNOT** replace with any dollar amount. Am I — was I — have I been put on this planet to be expected to just bow down to government policy and allow government to steal from me. Then have to go out and work again to replace the property that was unlawfully seized from me, stolen? No, that is not happening, and the **next specification of Article V** goes right along with the sixth, "nor shall private property be taken for public use without just compensation." I already explained before but will recount here. The City of Snyder Police Department has a contract with Lubbock Wrecker, Lubbock Wrecker, being a for-profit company, took my property and in so doing was compensated for taking my property at the request of the City of Snyder Police Department employees. That ACT was taking my private property for public use without compensating me for my property being taken for public use. This is the exact same thing which I explained earlier when FDR DEMANDED the American population to give their Gold to the government in 1933.

It is I who declare and foreclose on the idea and/or suggestion the City of Snyder, its employees, its CORPORATE Charter or any STATUTES, Codes, policies, and/or regulations or its procedures will ever BAR me of my Guaranteed and Secure Rights as a PRIVATE American, *your trespass WILL NOT Stand without accountability, that I promise is not happening.*

Article VI begins, "in all criminal prosecutions the accused shall enjoy the right to a speedy and public trial by an impartial jury of the state and district where in the crimes that have been committed which district shall have been previously ascertained by law," meaning the judge has to have jurisdiction, an impartial jury means a jury of the accused peers which means people that know the accused and know the accused character not just a group of registered voters or people that don't know anything about law. Most people in court are being railroaded and voluntarily consenting to the charges. This is why a judge will say things like, "they put themselves in the penitentiary." The reason a judge says that is because the individual never denied, or rather didn't know or realize they have a Right to deny the court's authority, nor does the court have justifiable jurisdiction to do any. All the individual has to say is, "I don't consent" to anything the judge says and the 3<sup>rd</sup> time by their own **RULES HAVE TO COMPLY WITH YOUR DEMAND OF THEM**, not the other way around.

You **MUST REALIZE**, government is based on the Voluntary Consent of the individual American. All STATUTES, Codes, CORPORATE policy and regulations are based upon your Voluntary Consent **NOT** actually any enforceable law. They've confused everyone to believe a LIE, you see that here's that psychological thing I was talking about. Before they've confused the population and making Americans believe that they, the individual American is liable when actually – they are not liable. In actual, reality when you are born in one of the several states, you are a State Citizen which provides the protection described in America's founding documents, Constitution, Bill of Rights, The Declaration.

YOU ARE NOT A — US citizen because in reality YOU don't live in the United States as they would have you believe, furthermore, neither do YOU LIVE IN Washington DC nor within that corporate structure of that city-state recognized by that NAME. Which is where those STATUTES, Codes, CORPORATE policy and regulations apply to the people, THEY DON'T Apply to the State Citizens who make up the population of any of the several states of the Union which constitute America. You **MUST** realize the Organic Texas Republic is also a country of its own, a country within the Union of States, within the structure we call the United States of America. That's how the People of the 13 colonies had designated and described how America in relation to the government would be set up, totally separate entities and NOT ALL Inclusive.

The **second specification of Article VI** — "and to be informed of the nature and cause of the accusation to be confronted with the witness against him," In other words there **MUST** be a LIVE, Living, BREATHING accusing party offering an affidavit of complaint, there's **NO WAY AROUND IT**, this principle and/or Rule in law is set in stone. Then we go back to the warrant and the judge signing off on the warrant which **HAS TO HAVE** the Oath or Affirmed accusation spelled out in affidavit form, this **HAS TO BE PRESENT** for governments actions to be **LAWFUL**.

Therefore, is another LAW that OFFICER RACKLEY skirted around UNLAWFULLY, the taking of property PRIVATE or otherwise **CANNOT HAPPEN WITHOUT DUE PROCESS OF LAW**.

Actual LAW states: **You MUST have opportunity to FACE your accuser**, the individual whose NAME is on the Affidavit of Complaint against you, the complaint that the judge also MUST sign.

So, let me ask you how can a corporation, which is a piece of paper, a dead entity stand before you in a courtroom and bring any accusation against you, the living man? It can't, it's an impossibility. A corporation has no face, it has no hands to even write an affidavit of complaint, it has no voice that can be heard, because it's a dead entity and that dead entity by law can't have a living representative stand in its place to accuse you of anything. In other words, the prosecuting or district attorney is unlawfully accusing fellow Americans every day unlawfully, so are the judges in the Traffic courts because the CORPORATE STATE OF "WHATEVER" **CANNOT** be harmed it's a piece of paper!!! I'm sorry did you **NOT** understand that f\*\*\*ing piece of paper **CANNOT** be harmed. So, there is no way that government or the court for that matter, can accuse and charge anybody of anything such as a traffic infraction then have them pay the state who is supposedly the injured party who can't be injured, that piece of paper can't be injured. I'm sorry that Corporation **CANNOT** be injured, it's dead, it's an entity without breath or LIFE. An entity that can't speak, you can't even see it unless you're looking at the d\*\*n corporate charter. That's the only way you'll see IT!!! The accuser as if you're looking at the corporate charter, the STATE OF TEXAS, the CITY OF SNYDER the county of whatever — **DOES NOT** make any difference, the individual, your accuser **MUST** be able to stand before you and literally be able to point a finger at you and state you are the one who injured them. The Living person accusing you on the complaint that he's signed in front of the judge has to have Breath and Life in them to make accusations for you to be arrested.

The **third specification of Article VI** — "to have compulsory process for obtaining witnesses in his favor." in the process of a trial or a court hearing, the accused is able to bring witnesses who vouch for him, People they know personally, one who would state, "Yes, I know the man." not that your witness knows the particulars of the infraction the court or the accuser has brought against you. What the accused is able to do, according to **Article VI** of the Bill of Rights, it allows the accused to call people in their favor who actually know who they are and can speak to their character, whether they have integrity or whether the accused is just a flat-out liar, it doesn't matter but if the accused is a flat out liar they probably don't have any friends to vouch for them anyway. You know, unless their friends are a bunch of liars, and you know liars will stand together. OH crap we're talking about law enforcement. Forgive me again but isn't it true that you guys back up each other's lies to keep each other out of trouble, but also just to put somebody in jail or issue citations that are without an actual injury to anybody, no ACCUSING party involved except for the God-fearing state, which is ridiculous, which is not law, it's lawlessness and those on the bench and their lawyer cronies know this to be the truth.

The **fourth specification of Article VI** — "to have the assistance of counsel for his defense."

Now this will open up a can of worms, especially to you lawyers and you attorneys out there. Anyone, ANY Accused Man/Woman can choose anyone else as their assistant for council, prove me wrong, produce the published law that

council of whatever the controversy is about, prove it. There is no law that requires somebody to have a BAR card toting liar as council.

The American People have been so terribly lied to and deceived, the depth and extent of the deception and lies it is quite amazing. One must be represented by somebody who is a member of a fraternity of law is a fictitious statement, it's a lie. It's the collective, naively accepted narrative propagandized against and Warring with the American people who if they use their common sense would understand is bu\*\*\*\*it!!!

I don't have to hire anybody who is a supposed bar card attorney first off most of them don't know law and second off they're a part of a Brotherhood a global franchise called the BAR an acronym for: British Accredited Registry an agent whose oath is to the king or queen of England, NOT the courts, well actually the courts are under the same obligation to the same king or queen, Britain. To have assistance of council from a lawyer who is a deceptive, an individual who is deceptive because a lawyer is an officer of the court. Because they're officers of the court they have an obligation to the court, and to the Judiciary, and to the judge and not to their client, whether plaintiff or defendant, the minor and incompetent who has given up the Right to speak for themselves. Which means a client of a lawyer isn't really, nor getting any go\*\*\*\*n service whatsoever! Look up the word attorney, you will find that its meaning is someone who turns over property to another. Who do you think they turn property over to, who is the 'another' being pointed over who now has YOUR Property? It's the court that you're your lawyer has an allegiance to, a FACT that you were NOT TOLD or Informed of, you were used by the court through the idea, a belief or a "let me be honest with you" pledge from a lawyer who is NOT Your friend and you have been raped, pillaged and plundered to benefit everyone from the Crown on down. These are the things the American People have NOT been made aware of and will never be taught in our school system because they are controlled by the same group of liars.

Lawyers, defending those who are accused is the joke around the attorney grab-ass water cooler, discussing how they have delivered another 'client' - you to the bank.

The courts and your attorney are all about getting their 'client' - you, to the bank or the bench which when you define the word bench you will find that it also is defined as a bank, a financial institution, you know to the bench where the judge sits. Judge by definition is an administrator and what does the judge administrate? He administrates your trust, naming you as trustee of YOUR trust, then naming himself and/or the court as beneficiary of YOUR trust.

Remember what FDR's Presidential Proclamation 2039 directing the Secretary of the Treasury to establish the Special Trust Accounts? These are the trusts I am referring to here.

Now the one who has a LAWFUL Right to benefit from any trust 'is the beneficiary', you MUST know every court case is a Trust Action. A Trust Action against the trust accounts of ALL parties involved, but the Judge Administratively obliged himself and TOOK, STOLE & ROBBED YOU OF your lawful rightful position when you are accused of a crime, then named You as trustee in the Trust Action. But your trust already has you as the beneficiary NOT the trustee and the trustee is

left to hold the bag, paying the bill, doing the time, the one responsible to discharge the charges.

In court the judge can do whatever they choose Administratively to accomplish identify you as the trustee. Why? Because doing so ensures that he gets paid along with your lawyer and everyone else in the courtroom except you. That is how the courts in America have been operating since 1933. The American People's Trust accounts have been raided continuously time and again without our knowledge by our unknowing consent and tacit agreement to 'Whatever the court said or determined as justice.'

Let's just agree that the judge is biased and should be honorable by recusing themselves because win or lose the judge is going to get paid well because of the controversy being heard. It's even worse though when the accused is incarcerated the court gets paid more so anything done from the bench is bias because any Trust Action the Judge Administratively hears is for their own personal enrichment, that's why the courts are not bringing Real Truth and Justice to the People of America, well that's one reason, there's multiple reasons I'm just pointing out this one.

I was defining the Bill of Rights remember however there are little nuances that you **MUST** be aware of, that's why I'm explaining just a small portion of the matrix any why I am giving explicit detail so that you can better understand what is happening around you in this world.

The **FULL specification of Article VII** — of the Bill of Rights "In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and; no fact tried by a jury shall be otherwise re- examined in any Court of the United States, than according to the rules of the common law."

The American form of Justice was established in the founding documents.

We NOW see here in **Article VII** — of the Bill of Rights that everything tried on American soil has been designated as, by law being **Common Law**. It states that any controversy over 20 bucks can be heard, and...

Going on to state, "the right of trial by jury shall be preserved,"

This is another one of those *situations where word and word terms are important to define*. The supposed justice system has propagandized and played a deceptive game with words where the current justice system allows you to have a 'jury trial' which is not the same as a 'trial by jury'. By the justice system operating this it is a blatant violation of everyone's Rights who are being charged with what 'they' call CRIME(s). The courts through misrepresentation, and outright deception have abrogated the American People's Rights which is acts of treason to an unknowingly ignorance of no fault of their own. To have a trial by jury is as I spoke about when I explained **Article VI** and the Right to have a jury of your peers.

The **second specification of Article VII** — "no fact tried by a jury shall be otherwise re- examined in any Court of the United States, than according to the rules of the common law"

So, in other words if a trial by jury is actually DEMANDED of by You, whatever decision that jury of your peers comes up with as they're determination of whether

9-22-24  
By Bowers  
Lane Lee

or not you committed a crime or should be punished for said crime CANNOT be overturned by any court in America, the current justice system have no right to overturn cases involving a trial by jury decision, PERIOD!

I have already addressed that the courts are ALL Admiralty/Maritime Military Tribunals that MUST be a valid International Maritime contract case to be enforceable AT ALL! How can the court get subject matter jurisdiction when it can't have subject matter or otherwise without a valid International Maritime contract in place against the party being tried under the War Powers of the Liber Code that Lincoln put in place as *Executive Order 100*.

What I've revealed is much more than any of you thought it could be but study what I've said and Prove me wrong and let me know, go ahead rebut any point I have made in this **NOTICE** to be less than honest and truthful, not exactly as the laws have been written, defined and published, I dare you to Prove what I am telling you is wrong.

The **specifications of Article VIII** — “Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.”

I have suffered under EXCESSIVE BAIL by the current justice system of America, just ask Dana, she knows, which is why she is my choice witness to/for this **NOTICE**, because Dana was part of the reason, I studied to know what's up. You see, I made a mistake and like all of us I learned from it and am not unprepared as I was then. Dana knows more than she will ever admit in public or PRIVATE, I promise you and I'll leave it at that. But if you happen to have opportunity to quiz her, she may say, “I am not able to confirm or deny.” Or just ignore you which means you can write it in stone that it is the truth.

The **specifications of Article IX** — “The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.”

This is the sovereignty that is attempting to deny The American People of having as a State Citizen, as a PRIVATE American Man or Woman this is your deprivation of Rights that you can claim against them because of their egregious actions against you, which is also part of the **NOTICE** in your hands at this present moment. I have been deprived of my Right to my PRIVATE Property because COSPO's stole it from me without due process of law, taking what was rightfully mine. As I have also stated beyond being robbed by armed gunmen, they took my PRIVATE Property for public use, a lawless and treasonous offence against their Oaths of Office and the deprivation of my lawful Right of travel and Property with the unlawful Act of larceny, robbery and theft from the side of the road September 11<sup>th</sup>, 2024.

And lastly, the **specifications of Article X** — “The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.” Again, another declared condition which directly and explicitly speaks to the Power being within the Sovereignty of the State's respectively and/or the People.

End of Bill of Rights

The American People, the *PRIVATE American population* have endured the suffrage of a rapidly tyrannical corporate governmental structure that has made themselves King and Ruler over the People which goes against everything the Bills of Rights stand for, totally without lawful justification.

As I stated before this is my Declaration, my Will and Proclamation to the Corporations: *STATE OF TEXAS, SCURRY COUNTY, CITY OF SNYDER* and the UNITED STATES Corporation to solidify my thoughts and my knowledge of what has happened because I chose to sit my ass down and study to have cognizant understanding of how life, liberty, and the pursuit of happiness have been abrogated and done away with by a rogue government who is to operate lawfully at the sovereign consent of the American People, not because they feel they a right to dictate some presumptive assumed ultimate power over the People which is totally and completely unlawful according to any law that you look at study.

You know there may be a few things that I have missed, but I don't think that I have missed anything that does not pertain to the instance of this **NOTICE**. I am *Lane*, At peace with life, my surroundings and the United States furthermore, I say naught.

## Prohibition Against Retaliatory Action Declaration

The City of Snyder, Inc. Police Department officers on scene September 11<sup>th</sup>, 2024, should have realized while conversing with **Lane** that he was not an ordinary citizen obligated to a corporation, nor CORPORATE policy. **NOT ONLY** by the way **Lane** talked but also by the FACT that **Lane** cited published Texas law that protects his PRIVATE American right to use and travel on public Texas roadways **without** license or registration, because **Lane** is not using the roads to make a living, i.e. NOT IN COMMERCE.

This is an instance of miss characterization of who the Living Man, **Lane** is compared to other People that the City of Snyder, Inc. Police Department officers deal with on a regular basis.

The officers chose not to understand who the Man, Bowers, **Lane** Lee, beneficiary, actually was and is and will be in perpetuity.

Such as this instance, perhaps others are highly possible future events, it is with that in mind I am requiring the City of Snyder, Inc. Administration ahead of those possibilities before more damage happens.

I, **Lane**, hereby give the City of Snyder, Inc. permission to utilize the Copyright held NAME **Lane's** property for **my continued safety**, it's now City of Snyder, Inc.'s responsibility to perform the following due to the offences **Lane** suffered by your company.

City of Snyder, Inc. is hereby, herein DEMANDED:

1. Notify the Federal Bureau of Investigation and have FBI update **Lane's** CODIS profile
2. Update **Lane's** information to read: DO NOT DETAIN, DO NOT QUESTION, DO NOT ARREST.
3. Along with other Texas law enforcement agencies,  
Texas Highway Patrol,  
The Texas Rangers,

Letting each agency, office or bureau know of **Lane's** PRIVATE American Status and Standing and that **Lane** domiciles within the boundaries of Texas.

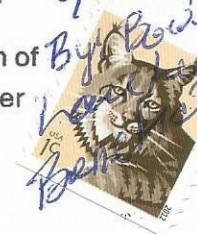

To accomplish **ONLY** this Duty for the safety and public good City of Snyder, Inc. is given this limited permission to use the NAME under the Copyright NOTICE that is attached to me, the living Man, **Lane**, beneficiary of that NAME.

When/If perhaps I am confronted, molested, arrested in any way from this day forward, it will be considered a retaliatory action from all corporate entities involved and will DEMAND a further additional sum certain total against what's already levied in an amount x10.

Moreover, included under this **Prohibition Against Retaliatory Action Declaration** are **Lane's** offspring, sons, **Bowers, Landon Heath** and **Travis, Kevin Garren**, both along with **Lane** are required by the City of Snyder, Inc. to have their information given to law enforcement authorities of the state of Texas both who now are also protected Men under this **prohibition against retaliatory action declaration**.

I do hope that we are able to see this issue as what it is, an egregious overreach of presumed authority which is now dispelled with a heavy-handed warning against further unlawful activity as public servants to an American that only desires to live in peace.

## BOND / INSURANCE INFORMATION DEMAND OCTOBER 21, 2024

Juramentum est indivisible, et non est admittendum in parte verum et in parte falsam.

**An oath is indivisible, it cannot be in part true and in part false.**

**Be It Known:** This communication establishes a Common Law contract between

**Defender**, Bowers, Lane Lee, **Beneficiary**, and **TRUSTEES** in accord with the Postal Rule, which states the following:

*"The postal rule (also known as the mailbox rule or "deposited acceptance rule") is a term of common law-contracts which determines the timing of acceptance of an offer when mail is contemplated as the medium of acceptance. The general principle is that a contract is formed when acceptance is actually communicated to the offeror. The mailbox rule is an exception to the general principle. The mailbox rule provides that the contract is formed when a properly pre-paid and properly addressed letter of acceptance is posted. One rationale given for the rule is that the offeror nominates the post office as implied agent and thus receipt of the acceptance by the post office is regarded as that of the offeree. The main effect of the mailbox rule is that the risk of acceptance being delivered late or lost in the post is placed upon the offeror. If the offeror is reluctant to accept this risk, he can always require actual receipt before being legally bound."*

This **NOTICE** is a lawful binding contract, establishing agreement of all parties once signed for / accepted and/or received by them, their agents, employees, and/or mail room personnel and/or any other person of their company, corporation, entity, which, evidences the existence of **A Duty to Perform** under and according to this **NOTICE**.

Greetings,

Allow me to get to the point you are DEMNADED to provide your BOND information as the law states.

You are each individually responsible to the Public when they are injured by Public Servants with a Duty to Protect and Serve.

**State Farm Mutual Automobile Insurance Co. v. Delaney, 115 So. 3d 708 (Fla. Dist. Ct. App. 2013)** - In this case, the court held that an insurance company could be held liable for the conduct of the insured when the insured failed to provide proof of insurance after being involved in an accident. The court emphasized that the duty of the insured to provide proof of insurance extends to situations where the failure to do so results in harm to third parties.

**Hodges v. Johnson, 332 S.W.3d 372 (Mo. Ct. App. 2011)** - In this Missouri case, the court ruled that an insurance company could be held liable for the conduct of the insured when the insured failed to provide proof of insurance following an accident. The court held that the failure of the insured to fulfill their duty to provide proof of insurance could result in liability for both the insured and the insurance company.

**Garcia v. State Farm Mutual Automobile Insurance Co., 157 Cal. App. 4th 429 (Cal. Ct. App. 2007)** - In this California case, the court held that an insurance company could be held liable for the conduct of the insured when the insured failed to provide proof of insurance after an accident. The court emphasized that the duty of the insured to provide proof of insurance is a fundamental aspect of insurance coverage, and the failure to fulfill this duty could result in liability for both the insured and the insurance company.

## BOND / INSURANCE INFORMATION DEMAND OCTOBER 21, 2024

These cases illustrate that when there is a duty on the insured to provide proof of insurance after an incident that the insured may be held liable for the insured's failure to fulfill this duty, particularly when such failure results in harm to third parties. In other words, providing your BOND information is NOT Optional at your discretion, it is mandatory, especially in this instance where you overstepped your authority in an overt act that caused serious harm at a financial loss, of monies and PRIVATE Property.

"A Public official is a fiduciary toward the public, including in the case of a judge, the litigants who appear before him and if he deliberately conceals material information from them he is guilty of fraud," *U.S. v Holzer* 816 F. 2d 304, 307 (1987).

Public officials are also "trustee(s) and servant(s) of the people," *Georgia Department v Sistrunk* 291 S.E. 2d 524, 526 (1982).

The NAMED *Public Officers and/or Officials ~ Offenders*, are parties to this ~  
**NOTICE** of Dishonor Opportunity to Cure Dated October 21, 2024.

The parties have to this point ignored requests and demands for their individual and/or blanket BOND / Insurance information which was written within each of the documents and communication that I have presented to them up to this point since September 27, 2024.

It is with that in mind that I specifically address the issue of these Public Officials skirting their responsibility to the Public Trust they are Fiduciaries to, and to put it on the record once and for all to see that they are NOT following written law which protects the Public from their blatant dereliction of Duty which they chose to BIND themselves with - when giving their Oaths to that OFFICIAL Office they hold today.

This NOTICE will be considered your 2<sup>nd</sup> and final NOTICE to provide the specifics of your BOND / Insurance information according to law. If this NOTICE is disregarded as the previously ignored NOTICES I will proceed with Federal Law Suit against each one of you for malfeasance of TRUSTEE / Fiduciary Duty of office as is my Right to do.

You have 10 days to provide the BOND / Insurance information specific to your Duties as a Public Servant to the Snyder, Texas community.

The law of agent and principal applies:

That service upon one is service upon all and their subordinates.

**Be It Known:** This **NODOTC** establishes a Common Law contract under the Postal Rule, which states:

*"The postal rule (also known as the mailbox rule or "deposited acceptance rule") is a term of common law-contracts which determines the timing of acceptance of an offer when mail is contemplated as the medium of acceptance. The general principle is that a contract is formed when acceptance is actually communicated to the offeror. The mailbox rule is an exception to the general principle. The mailbox rule provides that the contract is formed when a properly pre-paid and properly addressed letter of acceptance is posted. One rationale given for the rule is that the offeror nominates the post office as implied agent and thus receipt of the acceptance by the post office is regarded as that of the offeree. The main effect of the mailbox rule is that the risk of acceptance being delivered late or lost in the post is placed upon the offeror. If the offeror is reluctant to accept this risk, he can always require actual receipt before being legally bound."*

This agreed upon contract is binding on all parties by signed acceptance being received by them, their agents, employees, and/or mail room personnel and/or any other person of their company, corporation, or entity, which evidences the existence of **A Duty to Perform** under and according to this **Presentment**.

You are hereby, herein **GRANTED** a second opportunity to honor your Oath's of OFFICE as Fiduciary's and TRUSTEEs to the Public TRUST which by law you are

## NOTICE of Dishonor Opportunity to Cure ~ October 21<sup>st</sup>, 2024

### NOTICE of Dishonor Opportunity to Cure October 21, 2024

willfully and knowingly injure me, and now have your consent by Power-of-Attorney this contract created between us, giving me the authority to create a Claim of Lien against you each and to file a non-UCC financing statement against you each as security and Property, for and in favor of By: Bowers, Lane Lee, *Beneficiary*, to support the/a lien instrument as lawfully deemed necessary to procure FULL, absolute restitution for the harm your organization has caused and lawless disregard for what is right.

Additionally, in order to facilitate my rights under this **NODOTC** which is now a Security-Agreement you agree that I have your Power of Authority/Attorney to file anything I lawfully wish, out of necessity to bring about the settlement and closure of this debt now owed. As of the **NOTICE of September 27<sup>th</sup>, 2024**, you have had no right of action or recourse in any action at law, action in equity or Admiralty or any other law form whether written or implied against me or my Principal or ANY filings concerning this controversy of stated **NOTICE**.

Additionally, you consent and grant your Power of Authority/Attorney to me, the Living Man Bowers, Lane Lee, *Beneficiary*, so that I am able to collect the FULL restitution for DAMAGES through a lien by use of Treasury forms as follows, but yet not limited to: 1040-V and 1040, 1099-A and 1099-OID or 1099-C according to Topic 453 of the Internal Revenue Code, debt cancellation, all of which makes this instance a taxable event for you.

Additionally, you agree that ever year an additional set of liens can be filed with the Treasury if such injury to me persists in an ongoing fashion to retaliate against me for exerting my Lawful Rights. It is also understood that even though IRS Form 1040 is for a Tax Class 2, the 1099-A, 1099-OID and 1099-C are all Tax Class 5, using these tax forms is only 1 way that allows for the settlement and closure, so I use them lawfully with clean hands and in good faith "with prejudice" "without recourse".

2. As for possible future instances of my Principal being summoned by your and or other Trustees scheme to continually appear before an Admiralty Maritime tribunal under the threat of arrest and imprisonment, therefore any such appearance is as stipulated supra and subject to those conditions, never as a **general appearance** ONLY re presenting as a matter of and in the form of a **'Special Appearance'** NOT CROSSING the bar, reserving all lawful rights and waiving none, with prejudice.
3. Unfortunately, the **CITY OF SNYDER, Inc. Municipal Court** chose to move against the Principal after the delivery of **COUNTCLAIM NOTICE of September 27<sup>th</sup>, 2024**, and as a result there have been (3) three additional individual parties to this communication as co-conspirators and **Offender TRUSTEE(s)** to the FACTS presented in said **COUNTERCLAIM**.

**Be It Known:** This **DEFAULT JUDGMENT** is the result of the Lawfully Conveyed Common Law Contract, via multiple **NOTICES** beginning September 27, 2024, under the **Postal and/or Mailbox Rule**, which states: "The postal rule (also known as the mailbox rule or "deposited acceptance rule") is a term of common law-contracts which determines the timing of acceptance of an offer when mail is contemplated as the medium of acceptance. The general principle is that a contract is formed when acceptance is actually communicated to the offeror. The mailbox rule is an exception to the general principle. The mailbox rule provides that the contract is formed when a properly pre-paid and properly addressed letter of acceptance is posted. One rationale given for the rule is that the offeror nominates the post office as implied agent and thus receipt of the acceptance by the post office is regarded as that of the offeree. The main effect of the mailbox rule is that

1 through 11 Total **DAMAGES** Equals **74,100,651.00** Multiplied by the Five Administrative Capacity Office Personal whose Position Requires these OFFICERS to know the law well enough **NOT to HARM the Public**, which they have certainly in this instance FAILED to do.

MAXIM of Law ~ "Respondeat superior" - *Let the principal answer*. This maxim establishes that an employer or principal is responsible for the actions of an employee or agent within the scope of employment.

The Five Administrative Capacity Offices Responsible as follows:

First, these OFFICERS *Immediate Supervisor*, Second is the *Chief of Police*, Third is the CITY OF SNYDER, Inc. *City Manager*, Fourth is the CORPORATE CITY OF SNYDER, Inc. *City Council*, and Fifth is the CITY OF SNYDER, Inc. *City Mayor*, bringing the running total to **370,503,255.00**

Then for **COMPENSATORY DAMAGES** there's a *Multiplier of Three* bringing the **FINAL TOTAL** to **1,111,509,765.00**

Now you don't have to imagine how much **DAMAGE 4 Uneducated, Untrained, Constitutionally Illiterate OFFICERS** will cost to have on your payroll. This should certainly be a surprising eye-opener to ALL of you who are now on the hook to make certain I am compensated for the egregious lawless harm and inconvenience your organization has caused me.

The USD amounts to each charge are a reflection of what published law provides as a reference, Each **DAMAGE Levied** total in USD is to be converted to .99999 pure Silver Coinage by dividing it by 30.75 which leaves the number of Troy Ounce Silver coin to be delivered to *Defenders* address. However, no one has Silver Coinage in this quantity readily available since our ability to transact in Lawful Money was taken away in 1933. So, in leu of Silver Coinage in this instance I will accept Federal Reserve NOTES, USD. Each *Offender* is obligated to the Liability of the Total Sum Certain Amount Stated, with Each *Offender* upon Default to be Levied the Sum Certain Total of THE INVOICE PRESENTED FOR SETTLEMENT.

**Payment Terms:** Due upon receipt of this Invoice.

**Note:** This invoice is issued based on the assessment against CITY OF SNYDER, Inc. and its employees for the lawless egregious offences outlined in the **COUNTERCLAIM NOTICE** of September 27, 2024, per individual United States Postal Service **REGISTERED Mail**.
